Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the McFarland Wastewater Treatment Plant Expansion Project in fiscal year 2023.

The entity to receive funding for this project is the City of McFarland located at 401 W Kern Avenue, McFarland, CA 93250.

The funding would be used to provide a safer and more sanitary wastewater system for the disadvantaged, rural community of McFarland. It will also help the City get closer to their goal of recycling wastewater. The expansion will allow for the City to be compliant with the state permitting for the facility and allow for the City to grow. McFarland is in dire need of this expansion in order to sustain the wastewater capacity for the existing population.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "D. Valadao".
