April 29, 2022

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Fowler New Well and System Interconnection for Drought Resiliency Project in fiscal year 2023.

The entity to receive funding for this project is the City of Fowler located at 128 South 5th Street, Fowler, CA 93625.

The funding would be used to provide the residents of the disadvantaged community of Fowler with greater reliability for safe drinking water supplies through adding a well on the west side of State Route 99, providing an interconnection of the well to the City's water system for better fire protection, pressure, redundancy, and to provide a more reliable water supply.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "David G. Valadao".

David G. Valadao  
Member of Congress
